The Rachel

This home offers versatility in design with expandable spaces. The bedrooms and bathrooms on the first floor feature a private master suite with sitting area, a very generously sized walk-in closet, a master bath with his and her vanities, luxurious walk-in shower with built-in bench and can be designed with or without a tub. The two bedrooms on the opposite side of the home are connected with a Jack-n-Jill bath (can also be designed with separate or shared bath) and a separate half-bath for your guests. This home can be built with the optional bonus room at a variety of sizes and options for having a half or full bath. The bonus room is perfect for an office, guest space or can even be a 2nd master suite.
