# The Harley-Moone

This home design is everything The Good Life has to offer! With a Hobby Room, Office, Guest Room and oversized entertaining areas, this home by Bent Pine Construction has it all.

Off the welcoming foyer, a formal Dining Room (or study) is located at the front of the home, leading to the Great Room. The heart of this home is the kitchen, with a large granite island with plenty of room for friends and family, custom-designed cabinetry and Breakfast Nook.

The Great Room features floor to ceiling sliding glass stackable doors to the large Lanai, perfect for entertaining.

One side of this home is dedicated to the Master Suite with spacious Bedroom, 2 walk-in closets and Master Bath with dual vanities, soaking tub and glass enclosed shower with seating benches. The closets lead to a convenient pass-through to the Laundry Room.

This home can be built as a 1 or 2-story. As a 1-story home, the opposite side of the home features an Office, Guest Suite with private bath and Hobby Room. The Hobby Room could be an additional Bedroom or Rec Room with access to the Lanai. Walk-up attic stairs entrance inside the home makes accessing storage easy.

As a 2-story home, 2 large Bedrooms with a shared Bath are located upstairs.

The oversized Garage has plenty of room for cars and golf cart, too.
