The builder thought of everything for this home! A beautiful design inside and out starts at the welcoming Front Porch.

The home has a Greeting Foyer with Office to the right and Guest Half Bath to the left. The Great Room has well designated living space with coffered ceilings and built-in entertainment wall. The Kitchen Island is oversized with seating and well spaced for entertaining. Plenty of cabinetry and counter space and a separate walk-in Pantry and Butlers Pantry. With a Dining area incorporated into the Kitchen space and overlooking the Back Patio. The stackable sliding glass doors lead to the Patio that serves as an extension of the home with an L-shaped patio featuring a summer kitchen and outdoor bar.

The Master Suite features a spacious Bedroom with access to the Porch, large closets and spa-like Master Bath. His and Hers vanities are separated by a soaking tub and large walk-in shower with multiple shower heads and seating benches.

The additional bedrooms, located on the opposite side of the home, each have their own Bathrooms. The large Garage area has space for everything, including walk-up attic stairs and leads to the Mud Room and Butlers Pantry off the Kitchen. This home has space for everyone.
